

## **Working with Us**

- Being an integral part of the international cultural Township of Auroville, India, SVARAM has a far reaching field of resonances and connections around the world and we are proud of our global community of friends, sound lovers, associates, volunteers, students, alumni, mentors and supporters.
- Participate, co-create, come and visit, experience the rich learning field, help to build wholesome 'sound bridges' across the continents and cultures for a more harmonious and musical world. We welcome Aurovilians, Newcomer and volunteers from the field of Sound, Music, Craft or Research.
